

# *If you were hospitalized today, how much do you think your out-of-pocket expenses would be?*

Including your deductible and coinsurance, your total out-of-pocket expense could be as high as \$2,500 or more!

**SISLink™** is an affordable program designed to help you pay for covered out-of-pocket expenses you may incur while you are confined in a hospital or while being treated as an out-patient.

## **Highlights**

- ❖ Employers choose a plan design that is affordable and offers you an optimal offset of expenses
- ❖ Coverage can be either 100% employer paid or voluntary participation
- ❖ Guaranteed issue – no medical underwriting

## **Three Basic Benefits**

- ❖ **Hospital Confinement Benefit** – this calendar year benefit is designed to pay the difference between the actual cost you incur as an in-patient in the hospital and the amount payable by your primary comprehensive major medical policy, up to the benefit selected.
- ❖ **Out-Patient Benefit** – this benefit pays the difference between the actual cost you incur for out-patient treatment and the amount payable for such covered expenses by your primary comprehensive major medical policy, up to the benefit selected, not to exceed a maximum of four out-patient occurrences per family per calendar year. (Expenses related to physician office visits are not included in this benefit.)
- ❖ **Physician Benefit** – this benefit will reimburse you for co-payments required under your comprehensive major medical policy for treatment by a physician in the physician's office, hospital, emergency facility or out-patient facility, up to the benefit/maximum selected.
